

**Katelyn Jackson** has been around horses all of her life as the daughter of former trainer/jockey Bruce and Amy Jackson who now own and operate the Fair Hill Equine Therapy Center right down the road in Fair Hill, MD. Growing up, the weekends consisted of anything and everything from horse shows to 3-day events to Fox Hunts to Pony Club Rallies. “I remember one time, I had an event at Plantation and I told my dad he wasn’t allowed to come because he made me nervous! Needless to say, he still showed up and everything went fine so I guess he’s allowed to come back for the Real Rider Cup!”

She began her official “work” with horses over the summers at the Therapy Center as an assistant and pony person. Flash forward to 2017 when Katelyn started work in the Motions’ Herringswell Stables office helping with client relations, their website/social media and whatever else needed to be done! She simultaneously took a position with ELiTE Sales and BSW Bloodstock, with whom she is now full-time.

BSW Bloodstock- led by Bradley Weisbord and Liz Crow- advises and manages the racing stable of Katelyn’s sponsor, Sol Kumin’s **Madaket Stables**. “Sol has had amazing success this year and we’re going to keep that theme going to the RRC! I can’t wait to rep the Madaket silks to help bring it home for Team Owners and I graciously thank Amy Borun for loaning me Santa!”
